A stronger, more connected UK aluminium industry

IMPACT IN ACTION

TURNING AMBITION INTO REAL PROGRESS

From policy wins to industry innovation, here are just a few examples of the difference we have made together this year.

POLICY

"2026 has been a pivotal year for UK aluminium, with growing recognition of the sector's role in industrial growth, defence, critical minerals and supply chain resilience. Through strategic engagement and advocacy, ALFED has continued to champion the policies needed to strengthen UK aluminium's competitiveness and long-term capability."

Nadine Bloxsome - CEO, Aluminium Federation (ALFED)

TECHNICAL

Aluminium Light Training Spotlight: Pyrotek MCR Group

"This training is a real 'no-brainer' for any business involved in aluminium. Moving forward, we intend to include these training sessions as part of our induction programme for all new employees."

Jason Midgley, Managing Director, Pyrotek MCR Group

SKILLS

"Winning the ALFED Rising Star Apprentice Award is a fantastic recognition of the importance of people in manufacturing. It has reinforced my belief in looking ahead, developing the skills and knowledge of our people and inspiring the next generation to recognise the wide range of opportunities available within the industry."

Amy Reynolds (HR Manager, BOAL Extrusion UK) - 2026 ALFED Rising Star Apprentice Award Winner

SUSTAINABILITY

The UK CBAM Readiness Forum, hosted by **CarbonChain** on 3 November 2026, brought together more than 100 representatives from industry, HMRC and HM Treasury to discuss preparations for UK CBAM ahead of its introduction on 1 January 2027.
